6.2 Specific rules for online video competition

Competitors should start their Poomsae facing the camera whilst still performing the necessary Poomsae stances to prepare and begin Poomsae: enter, then Chariot (attention stance), Kyongye (bow), Joonbi (ready stance) and then perform their Poomsae. Once finished they should return to Joonbi stance (facing camera at the end) and then bow before resting for 30 seconds to perform next Poomsae or finish the recording after the second Compulsory Poomsae. **Competitor must stay within the camera view between the Poomsae's.** The competitor can drink, stretch, walk around during the break between Poomsae, but has got to remain fully visible during the break. During the performance, the competitors full body head to toe must be in camera view and **0.3 deduction** will be given if any part of the body **goes out of view.** See illustration below as set up guideline:

Competitors are encouraged to display their country's national flag (or name of country) behind the competitor's competition area in clear view of the camera. They can also add their official NOC flag (IOC recognized) by video editing.

Competitors can wear doboks with the IOC recognized NOC code or club name on the back, according to World Taekwondo competition rules.

Competitors must not wear any kind of shoes, socks or anything not mentioned in the World Taekwondo Poomsae rules. Also, jewellery must be taken off or hidden.

Due to the COVID-19 pandemic we allow competitors to wear masks during their performance. Nevertheless, the eyes must be visible still.

Competitors whole body must always be visible during the performance video footage, for fair and proper competition judging to be carried out according to the Poomsae competition rules set in place. Videos which do not meet this standard may be removed from competition.

It is not mandatory to perform the Poomsae on mats. The competitor can choose his/her surroundings and surfaces if during recording the whole body is always visible. For example, one can record in a living room, in a hotel lobby or on a grass field.

If your video has been edited, it will be rejected, except for adding graphics to display your national flag and your name. Prohibited editing may lead to disqualification, even after the competition has ended.

Videos must not be re-used from previous competitions or other events! In case the OC encounters re-used videos, the competitor(s) may be disqualified, even after competition has ended.

Videos must be set on **visible to all**. We urge competitors to upload well in advance as to not run into technical upload difficulties hours before the deadline entry. **The upload platform of our choice is YouTube and all videos to be scored must be set to 'unlisted' or 'open' status**, otherwise the Judges will disqualify the competitor(s).

It is not allowed to show any religious, political, or any other symbol negatively targeting a group or an individual in the video recording. Videos not following this rule are subject to immediate rejection.
